

APPENDIX 3

Minimum Revenue Provision Statement 2022/23

Where the Authority finances capital expenditure by debt, it must put aside resources to repay that debt in later years. The amount charged to the revenue budget for the repayment of debt is known as Minimum Revenue Provision (MRP), although there has been no statutory minimum since 2008. The Local Government Act 2003 requires the Authority to have regard to the former Department for Communities and Local Government's *Guidance on Minimum Revenue Provision* (the CLG Guidance) most recently issued in 2018.

The broad aim of the CLG Guidance is to ensure that capital expenditure is financed over a period that is either reasonably commensurate with that over which the capital expenditure provides benefits, or, in the case of borrowing supported by Government Revenue Support Grant, reasonably commensurate with the period implicit in the determination of that grant. The MHCLG Guidance requires the Authority to approve an Annual MRP Statement each year, and recommends a number of options for calculating a prudent amount of MRP.

The following statements incorporate options recommended in the Guidance:

- For capital expenditure incurred after 31st March 2008, MRP will be determined by charging the expenditure over the expected useful life of the relevant asset in equal instalments *or* as the principal repayment on an annuity with an annual interest rate equal to the average relevant PWLB rate for the year of expenditure starting in the year after the asset becomes operational.
- For assets acquired by finance, MRP will be determined as being equal to the element of the rent or charge that goes to write down the balance sheet liability.

Capital expenditure incurred during 2022/23 will not be subject to a MRP charge until 2023/24. Based on the Council's latest estimate of capital financing requirement on 31st March 2022, MRP has been determined as follows:

	31.03.2022 Estimated CFR £000	2022/23 Estimated MRP £000
Supported capital expenditure after 31.03.2008	5,450	102
