## 1. INTRODUCTION

### Localism Act 2011

- 1.1 The Local Development Scheme (LDS) is a three year project plan which sets out the timescales for the preparation and review of Local Development Documents within Derbyshire Dales. An LDS is required under Section 15 of the Planning and Compulsory Purchase Act 2004 (as amended by the Localism Act 2011). The LDS must specify:
- The local development documents which are to be development plan documents;
  - The subject matter and geographical area to which each development plan document is to relate;
  - Which development plan documents (if any) are to be prepared jointly with one or more other local planning authorities;
  - Any matter or area in respect of which the authority have agreed (or propose to agree) to the constitution of a joint committee;
  - The timetable for the preparation and revision of the development plan documents; and
  - Such other matters as are prescribed.
- 1.2 The LDS must set out (among other matters) the documents which, when prepared will comprise the Development Plan for the area. It must be made publically available and kept up to date. To enable local communities and interested parties to keep track of progress this LDS has been prepared and covers the period 2023 – 2026. Up to date and accessible reporting on the Local Development Scheme in the Authority Monitoring Report is an important way in which authorities can keep informed of plan making activity. This LDS supersedes the previous version of the LDS published in November 2022.

### Local Plan Regulations

- 1.3 The Town and Country (Local Planning) (England) Regulations 2012 came into force on 6 April 2012. These Regulations prescribe the form and content of a Local Plan and Policies Map and set out the procedural arrangements for preparing Local Plans. They also list the prescribed bodies in relation to the Duty to Co-operate, the requirements in relation to the Authority Monitoring Report (AMR), and set out how information should be made available for inspection.
- 1.4 Following changes in legislation there is no longer a requirement for local planning authorities to specify the timetable for the production of other planning documents, such as Supplementary Planning Documents (SPDs), the Community Infrastructure Levy (CIL) and the Statement of Community Involvement (SCI) in the LDS. However, it is considered good practice, that where these are being prepared their details and timetable for preparation are set out on the local planning authority website<sup>1</sup>.

## Neighbourhood Planning Regulations

- 1.5 Town and Parish Councils can prepare *Neighbourhood Development Plans*. These can set out the vision and planning policies for the use and development of land in a particular designated neighbourhood area. Neighbourhood Plans, must, however, be in general conformity with the National Planning Policy Framework and the local planning authority's strategic planning policies. When a Neighbourhood Development Plan is approved by an independent examiner and agreed through a local referendum, the local planning authority must adopt it as part of its Development Plan and take it into account when making decisions on planning applications in the area.
- 1.6 As Neighbourhood Development Plans are not prepared by the District Council and their timetables are dependent on the progress made by the respective communities, they are not required to be included in the LDS. However, to reflect good practice, information on neighbourhood planning activity and 'made' Neighbourhood Plans in the Derbyshire Dales is included in this LDS. More detailed information is, however, available on the District Council's website<sup>2</sup>.

## The National Planning Policy Framework

- 1.7 A revised National Planning Policy Framework (NPPF) was published in July 2021. It commits the Government to the principle of a plan-led system where decisions on planning applications are made in accordance with the development plan unless material considerations indicate otherwise. The NPPF sets out the importance of Local Plans as being key to delivering sustainable development that reflects the vision and aspirations of local communities and providing a framework for addressing housing needs and other economic, social, and environmental priorities; and platform for local people to shape their surroundings.
- 1.8 Various strategic priorities must be addressed in a Local Plan, including policies to deliver the homes and jobs needed together with any necessary retail, leisure and other commercial development. The NPPF stresses that plans must be based on adequate, up to date and relevant evidence. National planning policy sets out clear expectations about how a Local Plan must be developed to be justified, effective, consistent with national policy and positively prepared to deliver sustainable development that meets local needs and national priorities.

## The National Planning Practice Guidance

- 1.9 The National Planning Practice Guidance (NPPG) provides complementary guidance for local planning authorities on the production, preparation and deliverability of Local Plans. The NPPG reiterates the key role of Local Plans in delivering sustainable development that reflects the vision and aspirations of local communities. It advocates the role of the Local Plan as an important tool in guiding decisions on development proposals and acting as the starting point for decision making.
- 1.10 The NPPG sets out that the Local Plan should make clear what is intended to happen in the area over the life of the Plan, where and when this will occur and how

<sup>2</sup> <https://www.derbyshiredales.gov.uk/planning/planning-policy-and-local-plan/neighbourhood-planning>

it will be delivered. A key diagram and policies map must also be included to indicate the geographic application of the policies in the plan. The NPPG also indicates the type of documents which should form the appropriate and proportionate evidence base to support the preparation of a Local Plan.

## 2. PROPOSED LOCAL DEVELOPMENT SCHEME

### The Development Plan

2.1 The 'Development Plan' comprises one or more 'adopted development plan documents'. The Local Plan is the main document produced by the District Council which sets out the policies and proposals for the use and development of land for the period up to 2033. This is one of the documents that make up the 'Development Plan' for Derbyshire Dales. Planning applications must be determined in accordance with the Development Plan unless material considerations indicate otherwise. The following documents currently comprise the statutory Development Plan for Derbyshire Dales;

- **The Derbyshire Dales Local Plan<sup>3</sup>** – Adopted December 2017; sets out up to 2033 the overall vision, objectives and policies for the future development of those parts of the Derbyshire Dales that lie outside the Peak District National Park. The Local Plan provides a strategy for the spatial development of the Derbyshire Dales and provides a framework for promoting and controlling development. The Plan allocates sites for housing and employment development and provides development management policies for use in the determination of planning applications.
- **Neighbourhood Development Plans** – The Localism Act 2011 introduced the right for communities to prepare their own Neighbourhood Development Plans. Neighbourhood Development Plans to become part of the Development Plan and used in the determination of planning applications have to follow a formal statutory process for preparation; consultation and be examined by an appointed person. When adopted, the 'made' Neighbourhood Plan is used to assess and determine planning applications within the Plans Designated Area.

There are currently six 'made' Neighbourhood Plans in Derbyshire Dales:

- Ashbourne, made on the 1st July 2021.<sup>4</sup>
- Brailsford, made on 1<sup>st</sup> July 2021.<sup>5</sup>
- Darley Dale, made on 19<sup>th</sup> February 2020<sup>6</sup>
- Doveridge, made on 26<sup>th</sup> July 2018.<sup>7</sup>
- Kirk Ireton, made on 1<sup>st</sup> July 2021<sup>8</sup>
- Wirksworth, made on 25<sup>th</sup> June 2015<sup>9</sup>

## Other Material Considerations to Decision Making

2.2 Decisions on planning applications must be made in accordance with Development Plan Documents unless other material planning considerations indicate otherwise. There are however other documents that complement DPDs, and provide detailed guidance that can assist in the determination of planning applications, and which are material to the District Council's decision making.

- **Supplementary Planning Documents (SPD's)** – provide supplementary advice and guidance and are material considerations in the determination of planning applications. SPD's are not subject to independent examination but are subject to public consultation in accordance with the Regulations and the District Council's Statement of Community Involvement. The District Council has a number of adopted SPD's that support the policies of the Derbyshire Dales Local Plan.
  - Conversion of Farm Buildings<sup>10</sup>
  - Landscape Character and Design<sup>11</sup>
  - Developer Contributions<sup>12</sup>
  - Climate Change<sup>13</sup>
  - Shop front and commercial properties<sup>14</sup>

2.3 As part of the review of the Derbyshire Dales Local Plan revisions to the adopted Supplementary Planning Documents may be required and/or new Supplementary Documents prepared to reflect and support policies in the revised Derbyshire Dales Local Plan 2017-2040.

## Derbyshire Dales Local Plan Review

- 2.4 The Derbyshire Dales Local Plan was adopted in December 2017. Regulation 10A of the Town and Country Planning (Local Planning) (England) Regulations 2012, requires Local Planning Authorities to review and assess whether local plans need updating at least every five years. To comply with this duty a review of the Derbyshire Dales Local Plan had to be completed by December 2022.
- 2.5 The advice in the National Planning Practice Guidance (NPPG) is that Local Plan reviews should be proportionate to the issues in hand. The guidance also suggests that policies age at different rates according to local circumstances and a plan does not become out-of-date automatically after 5 years. The review process is a method to ensure that a plan and the policies within remains effective at managing the use and development of land in the future.
- 2.6 To ensure that this requirement was met the District Council commenced a review of the adopted Derbyshire Dales Local Plan in November 2020<sup>15</sup>.
- 2.7 The review process involved commissioning an update of the evidence base, and to identify the extent to which the policies and proposals in the adopted Derbyshire Dales Local Plan required updating to ensure compliance with national planning policy and local priorities.
- 2.8 In January 2022, the District Council resolved that for the purposes of Regulation 10A that it had completed the review of the Derbyshire Dales Local Plan<sup>16</sup>. Whilst the District Council resolved that the review of the Derbyshire Dales Local Plan had been completed it also resolved that detailed further work was required on those parts of the adopted Derbyshire Dales Local Plan that had been identified as necessary to be modified. Since January 2022, work has been undertaken to consider the detailed policy wording in relation to topics such as Climate Change, Biodiversity and Design.
- 2.9 In March 2022 the District Council resolved that further additional work was required to ascertain whether there was sufficient land available to meet the potential future housing needs of the District Council up to 2040<sup>17</sup>. In November 2022<sup>18</sup> a six-week public consultation was undertaken on the potential future Local Plan housing strategy. Further work on the review of the Local Plan is ongoing.
- 2.10 This LDS has been prepared to inform the preparation and review of the adopted Derbyshire Dales Local Plan over the next three years for the period 2023-2026. This LDS sets out the timetable for the review of the Local Plan, the resources required to take the Plan forward and the risks associated with its preparation.
- 2.11 The Programme for the Review of the Derbyshire Dales Local Plan set out within Section 3 envisages the adoption of a new revised Local Plan by early 2026.

## Derbyshire Dales Local Plan Review - Consultation

2.12 The National Planning Policy Framework requires that Plan making should be shaped by proportionate and effective engagement between plan makers, communities, local organisations, business, infrastructure providers and operators and statutory consultees (Paragraph 16 NPPF). Local Planning Authorities are required to set out in their Statement of Community Involvement how they intend to engage with communities and stakeholders during plan making and how they will be involved in the preparation, alteration and review of Local Plans and also in the determination of planning applications. The District Councils Statement of Community Involvement is available to view on the District Councils website<sup>19</sup>.

### Monitoring

2.13 Up to date and accessible reporting on the Local Development Scheme is set out in the District Councils Authority Monitoring Report and is an important way in which local communities and stakeholders can be kept informed of plan making activity. The AMR monitors the implementation of the adopted Derbyshire Dales Local Plan and progress of the LDS on an annual basis, reporting in December each year. The latest AMR covers the period 2021-2022 and is available on the District Councils website.<sup>20</sup>

2.14 The AMR will monitor the delivery of policies in the Local Plan when they have been adopted as well as referring to the Council's five-year housing land supply; Neighbourhood plans; Infrastructure Delivery; projects and programmes in relation to the Duty to Co-operate and targets and indicators have been identified for the policies within Local Plan.

Advice on traffic and transportation matters will be obtained from Derbyshire County Council. External advice will be sought on matters such as nature conservation from Natural England and Derbyshire Wildlife Trust and Historic England on the historic environment for instance.
- 4.3 The District Council has sufficient budget to support the preparation of Local Plan, including the Examination in Public.

### Risk Assessment and Management

- 4.4 As part of the review of the Derbyshire Dales Local Plan a Risk Assessment has been undertaken which considers the possible risks to the Local Plan preparation process and degree of impact. A copy of this risk assessment is set out within Appendix 1.
